Career Objective:-

To be a part of good organization, which can provide a good platform along with a generous environment and nice professional culture, which gives tremendous opportunities for applying as well as getting knowledge that can be used to be transformed into a good professional.

Experience:-

- Organization : - JSpiders, Bangalore
Role : - Student (Coaching – (June ‘19 – Till Continue))

Technical Knowledge:-

- Having good knowledge in JAVA / J2EE
- Good knowledge in Core java (Exception handling, multithreading)
- Knowledge of Object oriented programming and design (Abstraction, Encapsulation, Inheritance, Polymorphism)
- Good knowledge in programming JDBC, Servlets and JSP
- Outstanding in developing Web applications using Java, Servlets, and JSP, Hibernate Mapping, Java Beans, HTML and JavaScript.
- Knowledge in writing simple SQL queries using RDBMS
- Very good verbal and written communication skills

Major Project (B.E Final Year):-

- I had successfully developed a web application named with “Dream House” (for selling/buying housing property) using Java Technology. I did the connection with database using JDBC API (SQL Server).
- Using this I did the operation like SignIn/LogIn (inserting), display the corresponding data (searching), update price(updating), remove the account(deleting) using Servlet API.
- I had designed the front end using HTML ,CSS & Java Script.

Area of Interest & Hobbies:

I want to work as Java Developer (Front or Back end Developer), Like to play Kho-Kho, Badminton & Garba

Education: -

Degrees	Collage / Universities	Percentage
B.E. (Computer Engineering) (‘12-‘16)	Gujarat Technological University	6.78 CGPA
H.S.C (‘11-‘12)	GHSEB	54%
S.S.C (‘09-‘10)	GHSEB	65.23%

Declaration: -

I hereby declare that the above-mentioned information is true to the best of my knowledge.

Place: Bangalore
